The Blind Spot, Inc

CLEANING Terms and Conditions

Due to the many invisible factors that may affect the life and appearance of blinds and shades, and given the fact that it is impossible to predict what is under the dirt and dust on the blinds, professional blind cleaners cannot always determine what the result of the cleaning process will be.

The Blind Spot, Inc. cannot guarantee against and **WILL NOT** be held liable for the following:

1. Sun discoloration, wrinkling, or dulling of blinds/shades after cleaning;
2. Deterioration or removal of paint or finish on blinds and shades due to sun exposure, oxidation, food and grease stains, extreme soil and any blind/shades previously cleaned, especially with harsh cleansers or household chemicals;
3. Broken, bent, scratched or previously damaged blinds and shades missing parts or pieces or cords, and strings with sun rot;
4. Complete removal of water spots, stains, mold or mildew, food and grease, or greying heat stains;
5. Flaking off of silver metallic backing, or worn spots on silver backed shades due to environmental/consumer factors;
6. Bad, old, or irregular glue (delamination) on pleated shades and honeycomb shades;
7. Shrinkage on fabric shades and cloth verticals that have not been pre-shrunk;
8. Brushed aluminum or metallic finish on aluminum blinds.
9. Cords that remain dark or grey; **will not** be white unless re-strung at cost.

Blinds delivered back, picked up from our shop, or cleaned and re-hung on-site are assumed to be in acceptable condition unless the customer informs The Blind Spot, Inc. within one week upon completion of the job. The Blind Spot, Inc. accepts no responsibility should the customer choose not to review or regard this information. The Blind Spot Inc. cannot be held liable for this type of negligence.

The Blind Spot, Inc. WILL NOT clean blinds from a Crime Scene or that have been exposed to Methamphetamine chemicals.

I have read, understand, and agree to these terms and conditions:
